Event Summary

On April 28 – 30, 2017, 88 Emergency Support Services (ESS) volunteers and staff from communities across Northern BC gathered in Fort St. James, British Columbia for the 5th Annual Northern Emergency Support Services Training (NESST) weekend. This activity and training filled weekend was hosted by the Regional District of Kitimat-Stikine, District of Fort St James, Peace River Regional District, City of Terrace & City of Fort St. John, Regional District of Bulkley-Nechako, District of Taylor, District of Kitimat, District of New Hazelton, Village of Fraser Lake, City of Prince George, Town of Smithers, District of New Hazelton and the Village of Telkwa.

The NESST organizing committee’s main goals are to ensure ESS volunteers establish relationships and skills that benefit them in the future by networking and getting to know one another, as well as, participating in training workshops and exercise scenarios.

On Friday night, the volunteers had an opportunity to meet one another at the Fort St. James National Historic Site. A great time was had by all. The buzz in the room was contagious with excitement and anticipation for what the rest of the weekend would hold. Each participant was provided with a delegate bag filled with fun and emergency preparedness themed goodies that were provided by our sponsors and various communities.

“As a new attendee to NESST, I enjoyed meeting all of the volunteers. Their passion was contagious.” – ESS Volunteer & NESST Attendee

Saturday morning, the ESS volunteers were welcomed by Director Tom Greenaway. Graham Genge, from Enbridge, a diamond sponsor, joined the volunteers for breakfast and gave a presentation about safety and Enbridge. After breakfast, volunteers attended their chosen courses. NESST 2017 offered five course options: Psychological First Aid, presented by Carolyn Sinclair; Level One Registrations and Referrals, presented by Deborah Jones-Middleton; Sheltering Animals During a Disaster, presented by Willow Eyford; Leadership and Communications, presented by Allan Stebbing; Planning for People with Disabilities, presented by Karen Martin.

“I love the feeling of family & the networking opportunities the event brings.” – ESS Volunteer & NESST Attendee

Activities were also arranged during the extra-long lunch where participants could choose to participate in a taekwondo class, a jewellery making class, or have some self-directed retail therapy.

On Saturday evening the NESST Organizing committee hosted the Volunteer Appreciation Dinner and Awards Presentation where Tarina Colledge of the Maple Ridge ESS presented her keynote presentation, “An Insider’s Perspective on the McMurray Evacuation”.

“The Keynote Speaker for this event was one of the best I have ever had the opportunity to listen to.” – ESS Volunteer & NESST Attendee

The Volunteer Appreciation Dinner was filled with gratitude for all of the volunteers’ hard work and dedication within their own and neighbouring communities. At the end of the evening, certificates were distributed to all individuals celebrating their year(s) of service to the ESS Program with a grand total of 374 years of experience in the room. Community gift baskets filled with local gifts and preparedness resources were also drawn and given away to a number of lucky winners.

On Sunday morning, volunteers participated in a functional Reception Centre Exercise where each participant was able to put into practice what they had learned during the weekend. After the exercise **Roline** Sims, from the Mobile Support Team, led a debrief session where everyone

had the opportunity to give and receive feedback. The weekend's activities were wrapped up around noon.

With the experience, stories and knowledge shared by the course facilitators, NESST attendees left feeling they would be able to use their new skills to benefit their communities and were better prepared to assist their ESS team during a response to an emergency.

*“Reception centre exercise is excellent to utilize how things might look in real life.” –
ESS Volunteer & NESST Attendee*

NESST weekend would not have been possible without the generous donations of our sponsors. The cost for the weekend was \$16,713.42. With total sponsor contributions and registration fees NESST 2017 was 100% paid for. The following is the complete list of sponsor contributions.

Spectra Energy	2,000.00
Pacific Northern Gas	1,500.00
Trans Canada Pipeline - Coastal Gas Link & Prince Rupert Gas Transmission	1,500.00
Dungate Community Forest	1,200.00
New Gold	1,000.00
Taylor Industrial Mutual Aid	1,000.00
City of Prince George	630.00
Regional District of Fraser Fort George	630.00
Valard Construction	750.00
Comfor	500.00
Integrus Credit Union	500.00
Pinnacle Pellet	500.00
Total	11,710.00

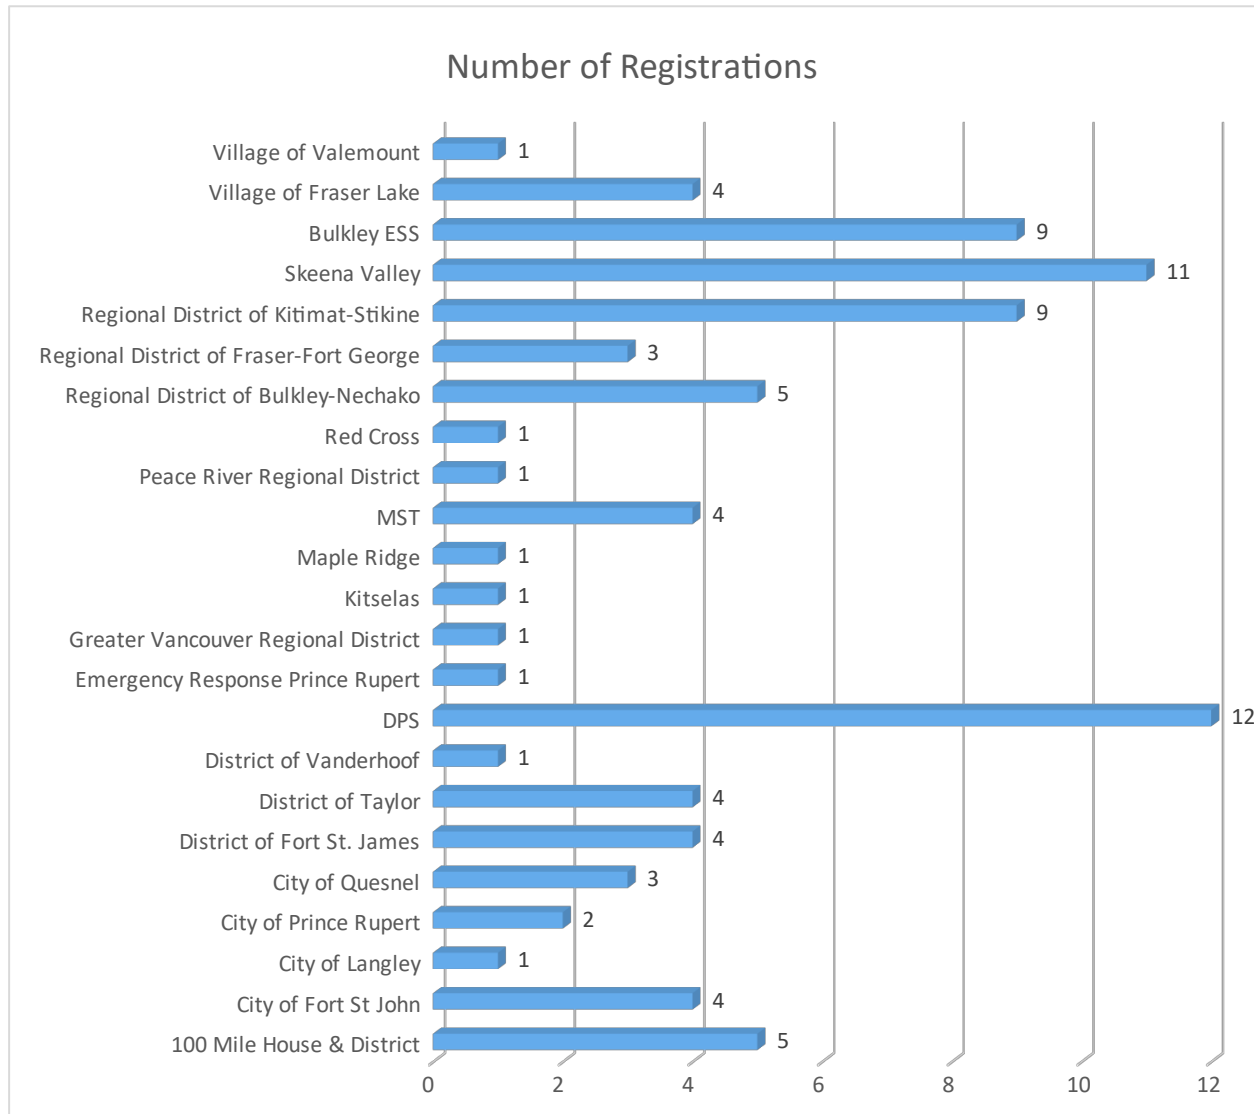

Sponsors 'In-kind' were:

- City of Terrace Fire Department
- Regional District Kitimat-Stikine
- District of Taylor
- District of New Hazelton
- District of Fort St. James
- Peace River Regional District
- Northern Savings Credit Union
- Health Emergency Management B.C. District of Kitimat
- Kitimat Chamber of Commerce
- Jacqueline Sweet, Notary Public Kitimat/Terrace
- Jeff Playfair Trucking

The NESST organizing committee would like to thank the sponsors again for their contributions. Their generosity will benefit the communities of those volunteers which now have a better understanding of ESS and more tools and experience to bring with them when responding to emergencies.

Attendance

This year's attendance for NESST surpassed the organizing committee's expectations with 5 more people than the previous year, for a total of 88 attendees.

Key Outputs

1. Improved capacity of Northern Emergency Support Service Organizations to respond to large scale emergencies:
 - with three course options, NESST attendees have gained skills in Reception Centre, Registration and Referrals, and Documentation Unit;
 - Northern ESS volunteers will be able to respond to a variety of different situations they may encounter during an emergency;
 - These new skills can translate from a level one response across to a Reception Centre.
2. Increased communications between northern ESS organizations:
 - with networking and relationship building opportunities, ESS teams too far away to respond to an incident are still able to communicate with one another for valued support;
 - although they may not be able to respond and help physically, they are always able to count on one another for emotional support, resources, and idea sharing.
3. Increased base of volunteers available for mutual aid between communities:
 - ESS volunteers may be more willing to travel outside of their communities to help others as they are more familiar with neighbouring ESS teams;

- Interaction and awareness with/of the Mobile Support Team
 - the NESST weekend is aimed to bring volunteers together and implement the importance of relying on and helping one another.
4. NESST Organizing Committee made up of ESS teams across the north:
 - nine ESS team representatives dedicated their time to make NESST possible;
 - during the event, other team representatives expressed interest in joining the committee for future planning.
 5. Host NESST in different northern communities each year:
 - the location for NESST is being changed annually to allow another communities to benefit from having the event held locally;
 - this also allows more or less travelling for volunteers depending on where their team is located;

Acknowledgement of Sponsors

Acknowledgement of all the sponsors was provided on correspondence, event signage, and website materials. Different sponsorship levels also identified which 'perks' were available with which levels. Diamond and Platinum level sponsors were given the opportunity to present to the volunteers on Saturday morning.

Conclusion

NESST 2017 was an amazing success. Volunteers left feeling like they were part of a larger team and had new skills to put forward in the field. NESST would not have been possible without the generous support of the sponsors and the hard work and dedication of the host community, the Organizing Committee and the attendance of ESS volunteers.

"Thank you to all involved for such an amazing weekend" – ESS Volunteer and NESST attendee

Evaluation Summary

Chart 1 demonstrates how NESST attendees rated their experience for the following: Saturday afternoon exercises, keynote address, volunteer appreciation dinner, networking opportunities, food and refreshments, check-in process, and pre-event registration.

NESST Attendee Experience

Chart 2 demonstrates how NESST attendees rated their experience for the following: Psychological First Aid; Level One Registrations and Referrals, Sheltering Animals During a Disaster, Leadership and Communications, Planning for People with Disabilities.

Courses and Workshops

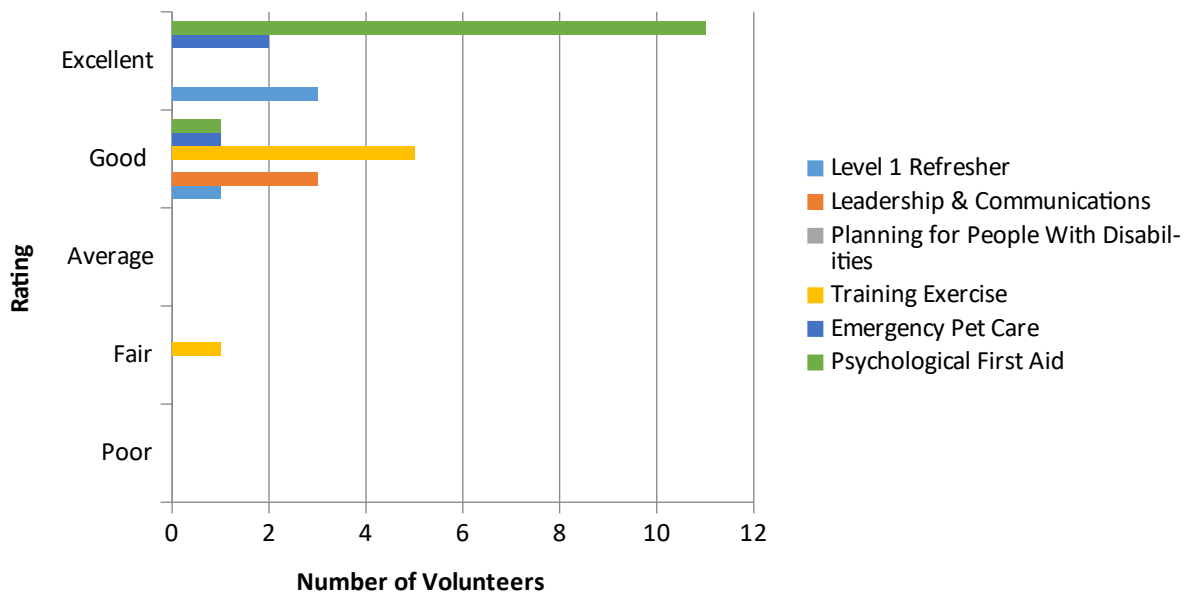

Chart 3 demonstrates interest of NESST attendees for possible courses for next year.

Figure 1: Volunteers were asked to make suggestions for future courses for the NESST event.

Suggestions for Courses for Next Year
Group Lodging
Managing Walk-in Volunteers
Site Management
Resource Acquisition
Volunteer Recruitment
Reception Centre
Psychological First aid (level 1 or Level 2)
Exercise Design
Emergency Food Services
Emergency Preparedness
Volunteer Management Systems
Other Suggestions

Figure 2: Volunteers were asked to describe two things that they liked during the weekend. Two things you liked

Sharing of Experience and Knowledge
Very Welcoming and inclusive
I love the feeling of family & the networking opportunities the event brings.
Refresher Course was great to go in depth with the paperwork.
Feeling much more confident completing forms
Chances to network with people
Networking and exposing our new volunteers to the NESST family
Food
Hospitality
The Facilitator Alan was so informative and knew his stuff.
Great Food
Networking with other volunteers and MST members
Keynote Presentation was amazing, great personal experience for large scale event
Seeing all our planning come together and the enjoyment the participants got.
Networking
Appreciation Dinner
Great organization, great schedule
great, cooperative fun group of people
The workshop /seminar were amazing
The social connection opportunities were great.
Meeting volunteers & paid employees dedicated to ESS
round tables in the hall
hosts & event volunteers exceptional energy and effort
Food
\$2 Beers
I am a new ESS member so I liked the level 1 refresher. Very helpful
The multitude of examples of disasters and how they were handled.
The food, meeting new people.
Liked looking at the Fort Friday night. Info centre was too crowded. Liked coming to Fort St. James. Never been there before.
Well organized event.
Various opportunities for differing interests
Carolyn Sinclair was a fabulous presenter
The keynote address was wonderful
The Sunday exercise is extremely beneficial
Networking on pre event registration
Keynote address
Loved the presentation from Fort Mac
Tarina Colledge Presentation was awesome!
Local Activities - Beading Jewellery Making was so fun!
The things I learned that I can take back to the team. I liked the less chaotic exercise of Sunday.

Meeting old friends
workshops
My Instructor, Carolyn Sinclair!
All of the friendly people.
Speakers were clear and concise
Pet Care Instructors were extremely informative and knowledgeable
Networking
The new changes to ESS
Aside from learning about things I did not know, I really enjoyed the interaction of the ESS crew and the Fort was Fabulous.
Travelling with my own group. Chance to know these ladies better
Reception Centre operation quite realistic

Figure 3: Volunteers were asked to describe two improvements for the weekend to help with future NESST planning.

Two Improvements
Course & Workshop options to take 2 or 3 in the one day
Activity or dance after dinner
Equal times for teams to perform tasks on the RC exercise.
Maybe group volunteer appreciation handout certificates by 5 years eg. 1-5 years, 6-10 years etc to make it shorter and so that someone doesn't feel awkward standing by themselves if they are the only one in the category of ESS volunteer years.
More Time Factored in for review of exercise
Proof Reading of Length of Service Certificates of Dates and Name Spelling or perhaps no certificate of some other form of recognition.
Not starting so early in the morning
The sticker on my name tag had the wrong course information (not the information that I registered for)
Water was hard to find (water cooler at front entrance) would have been nice in caterers filled water jugs from the cooler and placed them on the drink table with the orange juice.
Theatre not a good spot - hard to hear with everyone facing forward
scent free event
For the fun activity, find facilitators that can teach their trade and not just demo their trade. Not everyone can train/teach others.
Less sitting / listening time
Increase time to eat
Food was excellent. Lunch soup was quite salty but otherwise excellent.
More water bottles, equipment

At the coffee / refreshment area, don't place a table right next to the refreshment tables - too crowded.
notify in advance if there are possible reasons to bring cash (ie bar)
The timing of the Saturday Activities was rushed after lunch so I wasn't able to participate.
The mornings were a little early
a microphone
a warmer venue
Nothing, I enjoyed the entire event - Thanks Fort St. James!
Side conversations in class - instructor could have addressed it. Needed bottled water at venue.
for the food servers to wear gloves when they are serving / touching food. Very unprofessional and unsanitary.
Pet Care - out of sight, out of mind
Accommodations - our hotel lost our reservation and understanding English was a problem.
Hotel rooms pre-booked be available
Booked 3 rooms and they only had one available for us on arrival. We scrounged a room from another group.
The confirmation of rooms was very poor.

Figure 4: Volunteers were asked to make general comments about their overall experience

Comments
Interested in assisting with planning & delivery of future NESSTs. Was such a great experience. Thank-you.
When I began the journey, I met Deborah Jones-Middleton and Haley & to be honest, I was truly inspired by their passion.
RC exercise is excellent to utilize how things might look in real life.
Ft St. James people did a great job hosting. Kitchen staff included. The Sunday exercise was the best. Everyone did a great job ensuring we stuck to the schedule over the weekend. Special big thanks for making it a great NESST.
Had a great time. Thank you.
Accommodations for food allergies and restrictions didn't appear well organized. (for example I am not supposed to eat cold cut meats (6 months pregnant and higher risk for listeria) but lunch was soup and cold cut sandwiches. I think there were vegetarian sandwiches too but there weren't any by the time I got to the buffet. And the women in line ahead of me had a mustard allergy and all the sandwiches had mustard on them.
Great job - thank you for all the hard work from the committee.
Fantastic food - some of the best we have had.

Fantastic event!
Great information, insight, practice. Everyone is so caring and committed
I wonder how else volunteers could be appreciated & respect the time taken to honor each one.
I was done listening by 7:30pm
Would have been preferable to have refreshment breaks not in the same room as workshop
This is my first NESST conference and had an awesome time!!! I met a lot of new people and ate a whole lot of very good food. The course had a lot of info to digest but was very organized.
Interested to hear the story of Ft. McMurray.
NESST is amazing! Glad to finally make it up from the lower mainland. Worth the time & travel.
Thank you to all involved for such an amazing weekend
I appreciate the opportunity to connect with other ESS volunteers from around the province
Would have appreciated better communication re arrival details to check in ie. Where do we go and map
Minor things, but everyone did a great job. Lots of hard work - kudos!
Great event as usual. Some glitches but nothing we couldn't overcome and have an enjoyable weekend with some funny memories.
Comments
Interested in assisting with planning & delivery of future NESSTs. Was such a great experience. Thank-you.
When I began the journey, I met Deborah Jones-Middleton and Haley & to be honest, I was truly inspired by their passion.

Ft St. James people did a great job hosting. Kitchen staff included. The Sunday exercise was the best. Everyone did a great job ensuring we stuck to the schedule over the weekend. Special big thanks for making it a great NESST.
Had a great time. Thank you.

Figure 5: Volunteers were asked to make future suggestions for the NESST event.
Future Suggestions
Possible Skype with Disaster groups from around the world.
To go over Evacuation Order and Get ready to leave info. Does Terrace Already have these?
Discuss Sponsorship Options. Discuss pros and cons of seeking sponsorship from controversial sponsors eg Enbridge
For Delegate Bags, maybe have bags and the bowls/containers of donated items people can choose from rather than filling bags beforehand. Also, in seeking delegate bag items, the reason a small community did not donate was simply because they did not have enough things to put in each bag.
have more time for exercise debrief

Explain the acronyms - don't know the lingo
Water more accessible - it seemed rude to get up during presentations to get a glass of water
Stretch breaks
Terrace - Walk Ferry Island? Friday night brewery?
People and course
Networking, Course

Agenda

Northern Emergency Support Service Training Weekend Agenda

NESST 2017 AGENDA		
FRIDAY, APRIL 28		
18:15	Fort St. James National Historic Site Front Desk	Registration
19:00 – 22:00	Fort St. James National Historic Site	Networking Event
SATURDAY, APRIL 29		
07:30 - 08:30	Community Centre—Main Hall 190 Stuart Drive	Breakfast Emcee: <i>Shelly Wall</i> Welcome – Tom Greenaway Sponsor Presentation – Enbridge – Graham Genge
